

An aerial photograph of a coastal wetland landscape. A large, winding river, the Darien River, flows from the bottom right towards the top right. The river is surrounded by a vast expanse of marshland with various shades of green and brown. Several islands are scattered throughout the landscape, including Sapelo Island in the upper left, Eagle Island in the lower center, and Escape Island in the lower right. The Atlantic Ocean is visible in the distance under a clear blue sky.
