

The South's Largest Log "Cabin" Can Be Yours for \$9.5 Million

by Meghan Overdeep

There's over-the-top and then there's Timber Creek Lodge. This gargantuan 25,000-square-foot property in Crestview, Florida, is the largest log "cabin" in the South and one of the largest in the country.

Located on 1,249 wooded acres just 45 miles outside of Destin, this outdoorsman's paradise has eight bedrooms and 10 bathrooms, not to mention three stocked ponds, a 22-car heated garage, a theater, gym, and a wine cellar that can only be described as "insane."

Built in 2007, this passion project took two years to complete, and trust us when we say that no detail was overlooked. From custom woodwork throughout, to a front door handcrafted by an artisan in Vermont, time, effort, thought, and a whole lot of money went into constructing this beautiful estate. Seriously, the custom light fixtures alone are worth \$250,000.

This one-of-a-kind home is currently listed by Jon Kohler & Associates for \$9,500,000.
